

Quantile-Quantile plot

Quantile-Quantile plot

What's the value of x here?

It is the 25% quantile of the standard Gaussian model

Unit = 200 km,
Length = 2400 km (approx.)

Unit = 100 km,
Length = 2800 km (approx.)

Unit = 50 km,
Length = 3400 km (approx.)
